

# Capital Campaign

*"Anyone can join a gym, but people come to the Y to be part of something bigger than themselves. The Y is where we learn to be leaders, to give back to our community, and build stronger families."*

*– Wayne Hamano, Campaign Tri-Chair*

## More Than a Promise Capital Campaign

Since 1869, the YMCA of Honolulu has worked to help people of all ages and backgrounds become stronger in spirit, mind and body. As we look to the future, we know we can help even more people on their journey towards a better life. That's why we've launched the More Than a Promise Capital Campaign. Together with other organizations and people just like you, we can show our community the power in keeping promises and investing in the future.

For more than 90 years, Camp Erdman has served Oahu, touching the lives of 15,000 campers and their families each year – providing a place young people can gain independence and discover who they are. By investing in Camp now, we can keep the tradition alive for generations to come.

Our Waianae YMCA serves as our headquarters for our onsite substance abuse programs in Waianae and Nanakuli schools and as a safe, welcoming space for youth to spend time after school and on weekends. This impactful program is open year round and is currently run out of a trailer. Through fundraising and partnerships, the Y plans to expand its presence.

As our largest branch, the Nu'uau Branch is growing exponentially with people of all ages looking to stay active and engaged. Reinvesting in this facility allows us to better serve people with mobility and accessibility challenges, create a hub for community life and support Title 1 schools and low-income communities around it.

The campaign is ongoing and this list reflects donors who have given or pledged to the campaign.
